Our Story

“

Possiamo vivere nel mondo una vita meravigliosa se sappiamo lavorare e amare, lavorare per coloro che amiamo e amare ciò per cui lavorare.

Lev Tolstoj

”

La nostra storia è la storia di una passione, una passione che cresce nel tempo, si trasforma in un lavoro e matura di anno in anno con noi; cresce e si trasforma come la nostra famiglia, i nostri collaboratori e i nostri clienti.

Tutto ha inizio nel 1991, fin da subito la collaborazione con grandi clienti europei ci consente di crescere velocemente e di affiancarci sui mercati internazionali. Qualità, innovazione e sicurezza sono le nostre parole chiave al fine di creare prodotti distintivi, testati e certificati, per prendersi cura di ognuno di noi.

Dalla produzione flow pack tante conquiste hanno costellato il nostro inarrestabile percorso di crescita e negli anni passo dopo passo abbiamo raggiunto traguardi sempre più importanti spinti dalla passione e dalla consapevolezza che la qualità e l'innovazione sono le componenti essenziali al fine di creare prodotti distintivi, testati, certificati e apprezzati per prendersi cura di ognuno di noi.

Our story is the story of a passion, a passion that grows over time, turns into a job and matures year after year with us, grows and transforms like our family, our collaborators and our customers.

It all began in 1991, from the very beginning the collaboration with large European customers allows us to grow quickly and to support ourselves on international markets. Quality, innovation and safety are our keywords in order to create distinctive, tested and certified products, to take care of each one of us.

From flow pack production, many achievements have marked our unstoppable growth path and over the years, step by step, we have reached increasingly important goals driven by passion and the awareness that quality and innovation are the essential components in order to create distinctive, tested products, certified, and appreciated for taking care of everyone.

Oggi ALA vanta numerose linee produttive di salviette imbevute, per la cura della persona, della casa e specifiche per gli animali.

Ogni singola fase progettuale e produttiva e l'adozione di moderne soluzioni di rilevamento dati, automazione e robotica permettono il raggiungimento di elevate performance di produzione nel rispetto di rigorosi standard qualitativi.

A garanzia del consumatore, tutte le dichiarazioni di prodotto sono supportate da effettivi studi, test o ricerche, e dalla collaborazione con l'Università di Ferrara, per soddisfare anche nicchie di utenti con esigenze particolari.

Tutti i prodotti sono formulati dando priorità agli ingredienti di origine naturale e alla loro biodisponibilità. I nostri tessuti sono realizzati in cotone biologico, fibre di derivazione naturale e lavorazioni specifiche che ne determinano alta qualità ed esclusività.

Abbiamo dimostrato essere un partner specializzato ed affidabile per la produzione conto terzi offriamo una grande flessibilità, personalizzazione e il nostro know how in ogni fase produttiva. Mettiamo la nostra esperienza e competenza al servizio del cliente proponendo la soluzione più adatta in termini di soluzione imbibente, packaging, logistica e merchandising, al fine di soddisfare le necessità di un mercato moderno e mutevole.

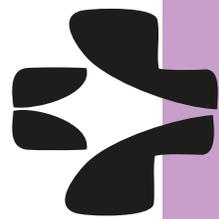

Today ALA boasts numerous production lines of soaked wipes, for personal care, home care and specific for animals.

Every single design and production phase and the adoption of modern solutions data collection, automation and robotics allow the achievement of high production performance in compliance with rigorous quality standards.

To guarantee the consumer, all product claims are supported from actual studies, tests or researches, and from collaboration with the University of Ferrara, to satisfy even niches of users with special needs.

All products are formulated giving priority to ingredients of natural origin and their bioavailability. Our fabrics are made in organic cotton, derived fibers natural and specific processing that determine high quality and exclusivity.

We have proven to be a specialized partner and reliable for third party production we offer great flexibility, customization and our know-how in every production phase. We put our experience and competence at the service of the customer by proposing the most suitable solution in terms of solution wetting, packaging, logistics and merchandising, in order to meet the needs of a modern and changing market.

Acure®

l i n e

La nostra nuova linea ACURE è stata studiata per essere amica dell'ambiente, realizzata con materie prime biodegradabili e con tessuti plastic free. Le nuove formulazioni sono state studiate per ricercare prodotti sempre più innovativi e particolari, così da diversificarsi dal mercato. Ricche di estratti biologici, le salviette ACURE sono pratiche per ogni situazione, anche fuori casa da portare sempre con sé.

Our new ACURE line has been designed to be environmentally friendly, made with raw materials biodegradable and with plastic free fabrics. The new formulations have been designed to research ever more innovative and particular products, so as to diversify from the market.

Rich in organic extracts, ACURE wipes are practical for every situation, even when away from home to always carry with you.

BABY line

Le salviettine ACURE BABY LINE si distinguono per il loro soffice tessuto e per le loro formule delicate adatte alla pelle sensibile dei bimbi. Ricche di estratti naturali, anche le mamme più esigenti saranno soddisfatte per la qualità e le tante e diverse profumazioni.

The ACURE BABY LINE wipes stand out for their soft fabric and for their delicate formulas suitable for the sensitive skin of babies. Rich in natural extracts, even the most demanding mothers will be satisfied for the quality and the many fragrances.
